- Some 100% nylon bristle brushes will become softer and more pliable in warmer temperatures. This is not a problem with quality brushes but the affect might be noticed.
- Nylon/Polyester blended brushes provide the softness of nylon and the stiffness of polyester, they are very durable and probably the best all-around brush. They can be used with oil, water or alcohol-based paints and coatings.

Product Description: Monochrome Solid Tapered Filament

Type: PBT Filament

Raw Material: PBT

Color: Customized

Bundle Length: 44mm-121mm in 6mm or 7mm increment
